i almost fell out of my chair when i opened your profile and saw your picture	10/31/99, 10:43:12 AM
you look just like this guy from the eagle that i met on saturday night	03/28/00, 06:39:06 AM
just for a moment i thought you were him	04/03/00, 24:19:02 AM
very cute	06/14/00, 06:21:20 AM
ok you peeked my interests BALLS0201	12/05/00, 14:12:10 PM
yeah, well the pool of available guys seems to be srinking on all the sites	12/30/00, 02:36:14 AM
you have plenty of guys 'looking for a good time' out there, but none who are serious about anything but keeping their pookies wet	01/07/01, 09:28:30 AM
i appreciate the none-nudes as i do find them offensive and in most cases, poor tastes (or lacking there of)	01/29/01, 08:20:00 AM
i see your a volley ball jock - i dated BC_BEAR0011 from the volleyball league	01/29/01, 08:20:22 AM
he tired to get me interested, however, i just couldn't get into the sport	01/29/01, 08:20:26 AM
the asian guys were annoying me too much, smile	01/29/01, 08:20:26 AM
lol, i don't think i'm growing the beard till december	01/29/01, 08:20:28 AM
i'm going to try for the full goatee again like the one in the christmas picture (although the modified goatee always seems to get me the most attention)	01/29/01, 08:20:30 AM
i work full time doing finance, contracting related work	01/29/01, 08:20:52 AM
basically, i deal with research agreements - mostly defense oriented	01/29/01, 08:20:58 AM
i also go to school part-time at night	01/29/01, 08:21:00 AM
i play softball on the weekends and golf has replaced bowling as my new 'hobby' sport	01/29/01, 08:21:02 AM
in addition to that, i etch glass, paint and like photography	01/29/01, 08:21:04 AM
i'll be leaving at 5pm on the dot to get my hair cut	01/29/01, 08:21:12 AM
nothing outside school or work over-rides the other in terms of my hobbies-interests	01/29/01, 08:21:12 AM
if you want to continue this conversation call me on my the phone	01/29/01, 08:21:14 AM
i do not access the internet from home - only work, once i'm logged out - i'm outta here	01/29/01, 08:21:22 AM
i would highly recommend mambo italiano - saw it last night - it was awesome	01/29/01, 08:21:22 AM

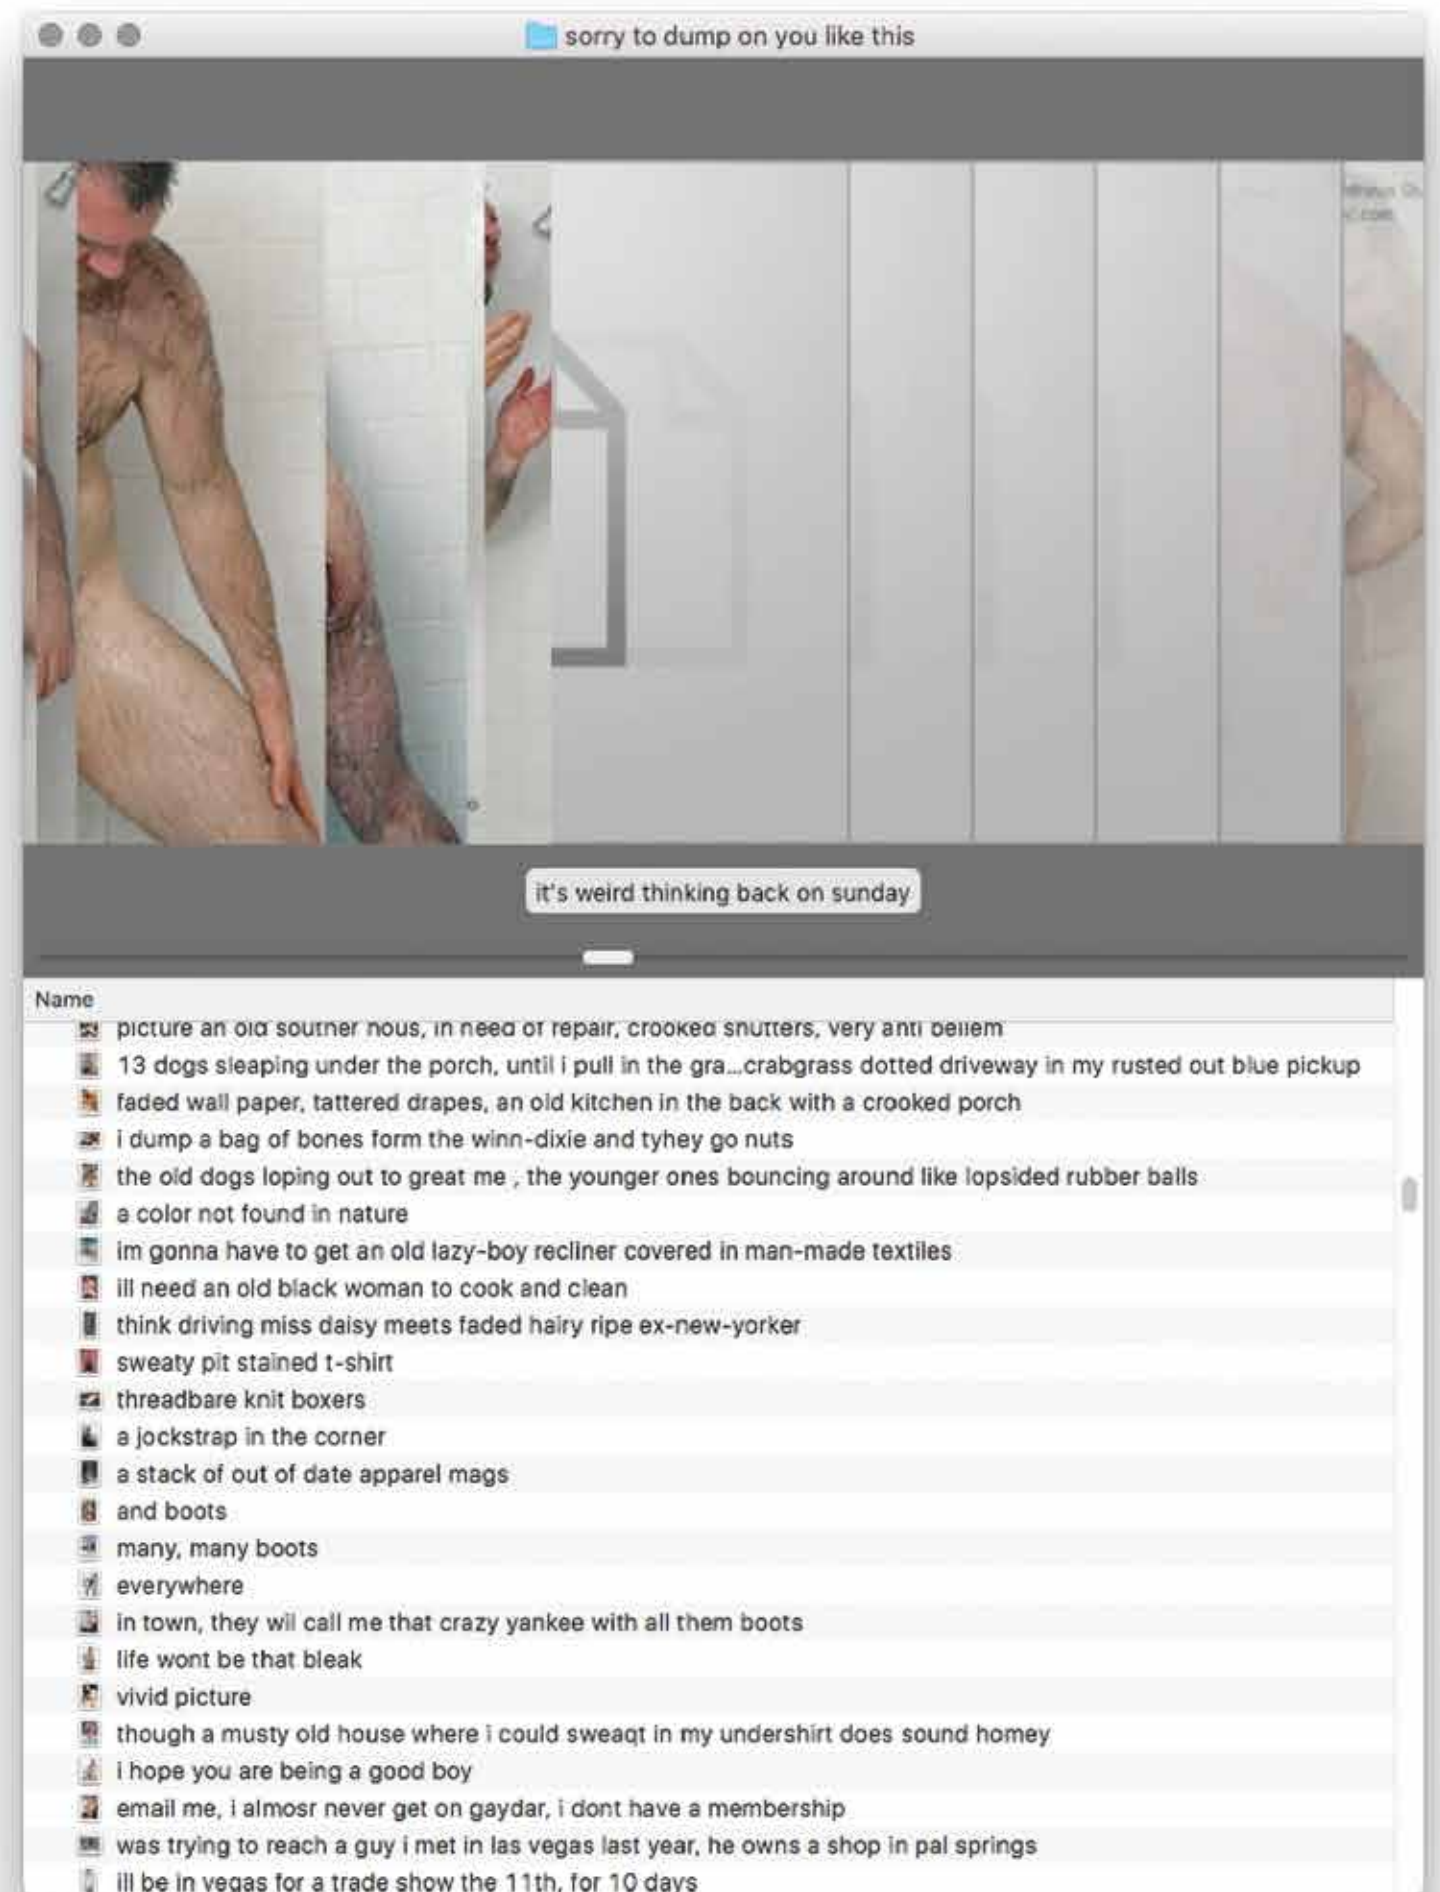

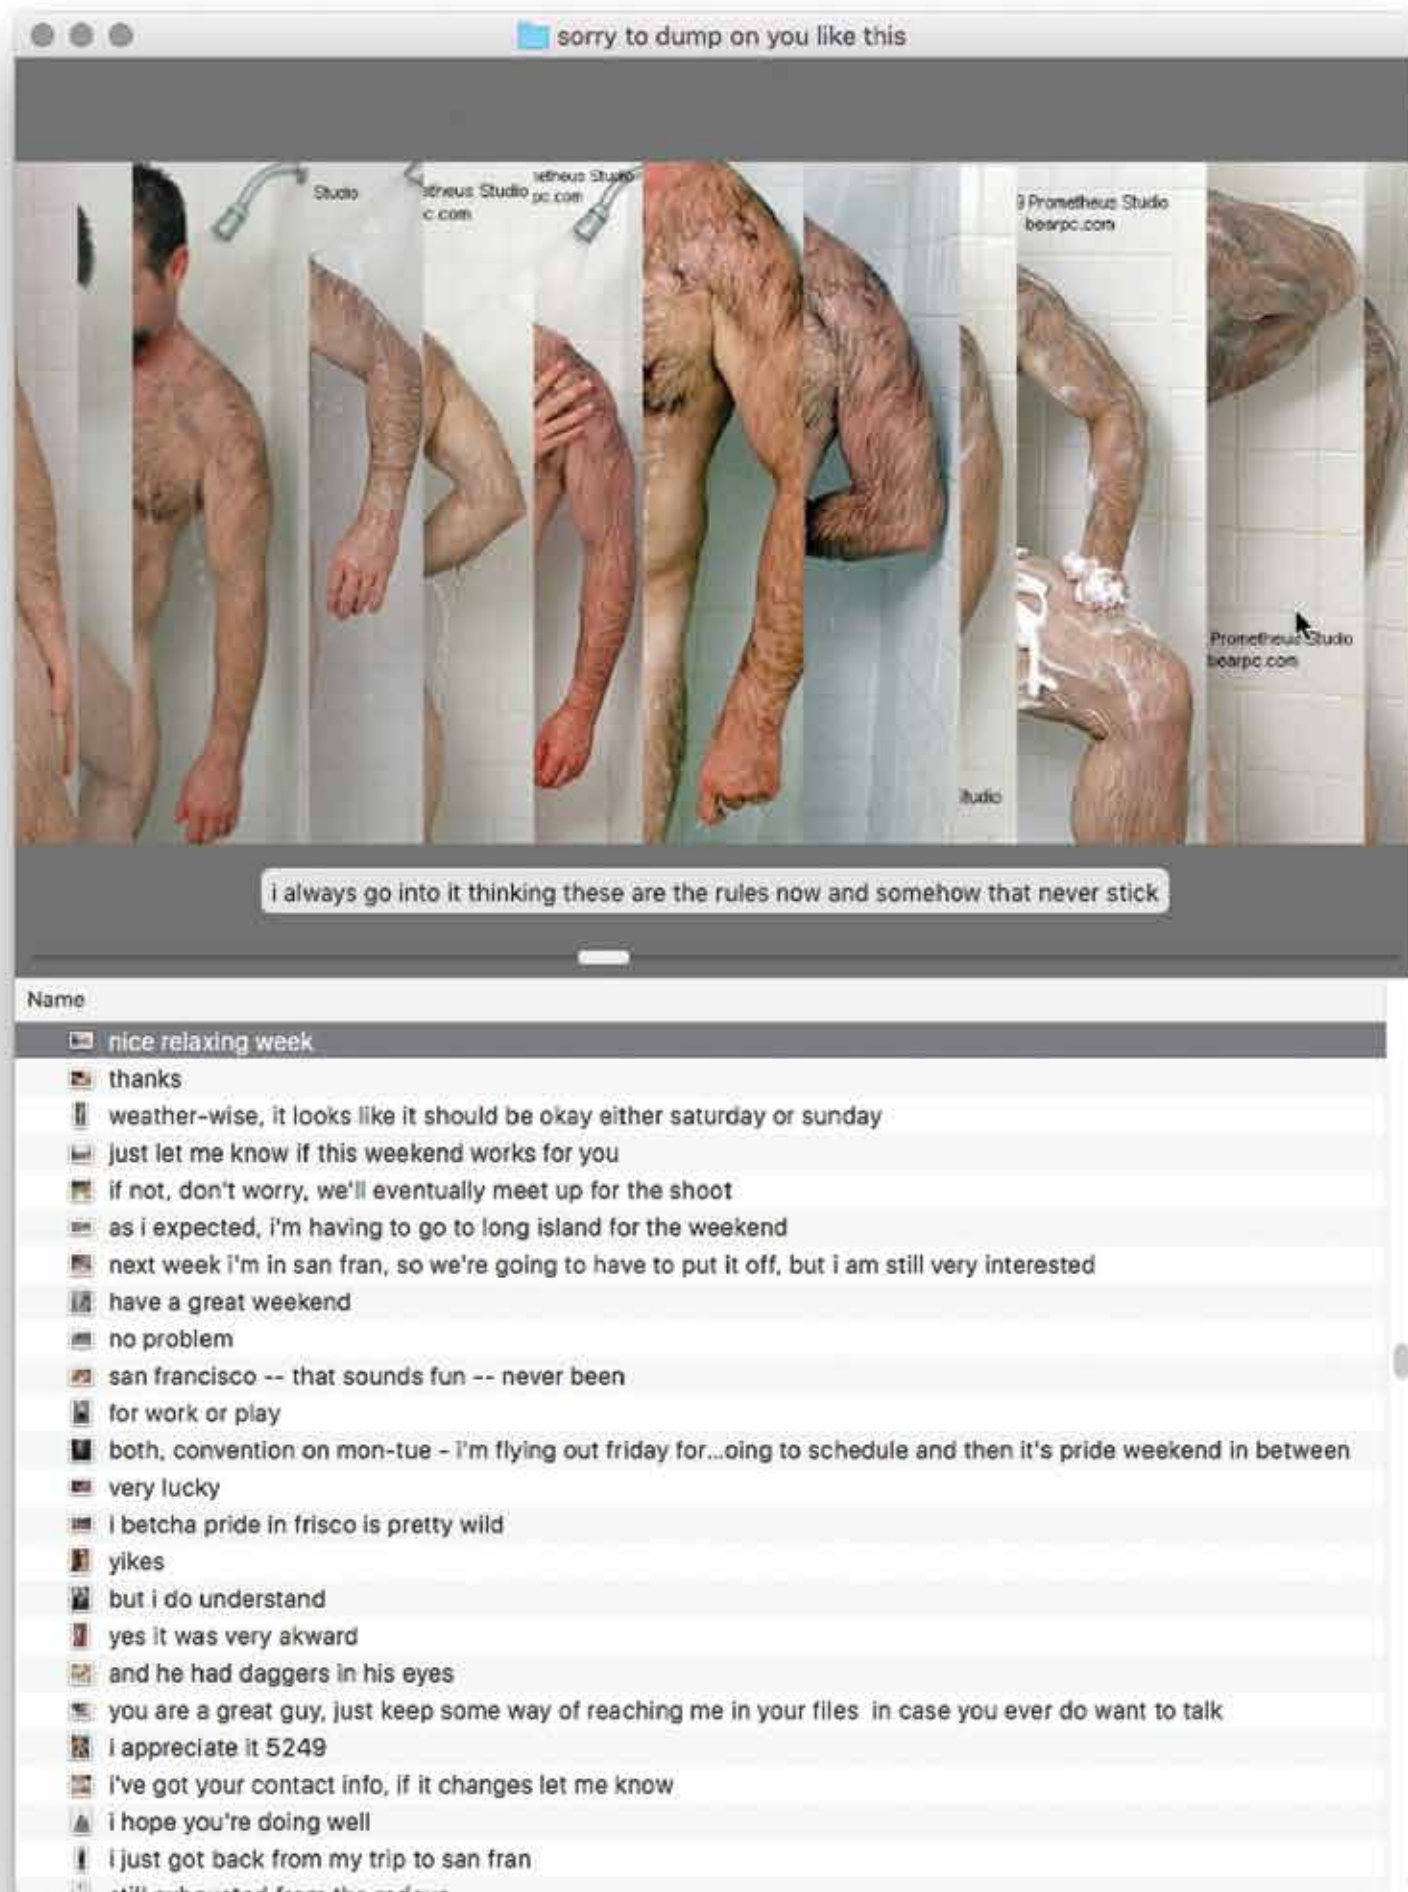

but a hairy face, neck, chest, or whatever always seems to catch my eye -- nice photos on friendster

i'm in san francisco with the tour	02/01/01, 08:30:00 AM
all is going very well	02/01/01, 08:30:02 AM
and i'm behaving and working hard so that i'll be liked and considered to play one of the roles i understudy when the new contracts come up for renewal	02/01/01, 08:30:52 AM
how did the exhibit go	02/01/01, 08:30:54 AM
how are you	02/01/01, 08:30:56 AM

i hope all fabulous	02/01/01, 08:31:10 AM
i think of you very very fondly, and miss you	02/01/01, 08:31:12 AM
i had the pleasure to hear you talk early this month regarding studio visits	02/01/01, 08:31:22 AM
i was sitting in the front row, slim build, short brown curly hair, and as you were leaving with your bearish friends you said hi	02/02/01, 09:05:24 AM
well i wanted to say hi back	02/02/01, 09:05:26 AM
i gleamed from the talk with E14 that you might be interested in taking a peek at my work	02/02/01, 09:05:30 AM
below is a press release for a show that i'm currently in at momenta and attached is an announcement for two other shows happening this summer	02/02/01, 09:05:32 AM
thanks again for sharing your thoughts	02/02/01, 09:05:32 AM
you can e-mail or call me if you feel inclined to view more work or want to visit or do coffee next time you're in new york	02/02/01, 09:05:34 AM
the work looks cool and i feel i have seen them somewhere recently	02/02/01, 09:05:36 AM
were you in any shows last month when i did a big gallery go-round	02/02/01, 09:05:38 AM
i would love to check it out but i am so rarely in ny and when i am there i always get overbooked with work and family	02/02/01, 13:11:18 PM
i just tried to friendster link to you to learn more as i could not see your info without linking as we were too far removed	02/03/01, 15:42:34 PM
(i, like everyone don't really do friendster the way i used to this time last year, but i still check in)	02/03/01, 21:43:02 PM
the guys i was with were both bearded and gay but neither is anywhere near chunk or muscled enough to be full bears	02/05/01, 08:28:00 AM

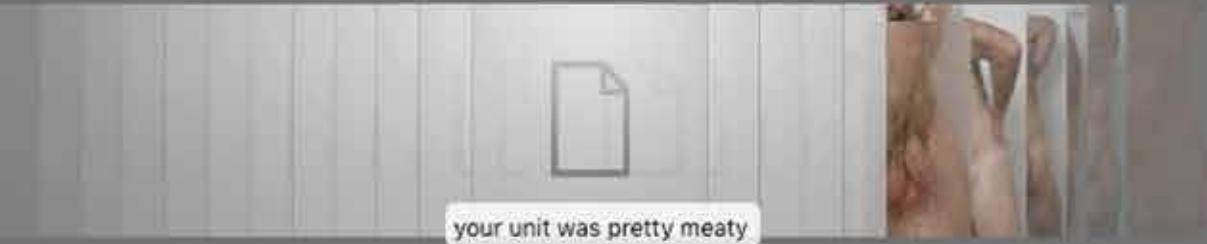

(i, like everyone don't really do friendster the way i used to this time last year, but i still check in)

more hard hitting on the account side	02/20/01, 08:21:12 AM
if you know of anything please don't hesitate to forward my resume that's attached	02/20/01, 08:21:16 AM
where are you working now	02/20/01, 08:22:06 AM
i know last we talked, you were thinking about relocating out of new york	02/22/01, 09:23:26 AM
the model thing is fun	02/25/01, 13:26:04 PM
and it's very surprising for both me and the sitter	02/25/01, 13:26:10 PM
this one friend i photograph is a fellow artist, filmmaker and the entire time we talked shop	02/25/01, 13:26:26 PM
but the photos told a totally different story	02/25/01, 13:28:10 PM
he has this big sad eyes and the photos are just so moving	02/25/01, 13:28:16 PM
there's almost this aggressive thing going on	02/25/01, 13:28:18 PM
i really like the premise because it's simple and it allows so much space for things to show through	02/26/01, 09:01:06 AM
another guy who was a ex was totally relaxed in front of me and me in front of him so the photos appear very giddy	02/26/01, 09:01:08 AM
the first guy i shot was very shy and he decided not to opt for the last phase without pants	02/26/01, 09:01:30 AM
but after the experience he wants to come back in	02/26/01, 09:01:34 AM
i don't know what to expect from your photos and that's half the fun	02/26/01, 09:02:08 AM
but i do know you have the type of body that gets my artistic and other juices flowin'	02/26/01, 09:02:10 AM
and the fact that you have dark features work well for the set-up which is a plain white wall	02/26/01, 09:02:14 AM
you're quite the looker on bmb and your face is familiar	02/26/01, 09:02:36 AM
you mention volleyball	02/26/01, 09:02:38 AM
do you play	02/26/01, 09:02:40 AM
my pic is attached	02/26/01, 13:54:52 PM
i did play volleyball	02/26/01, 13:54:54 PM
i played with ABC74	02/26/01, 13:54:56 PM
i hurt my shoulder in 1994 and haven't played since (one time at fi)	02/26/01, 15:29:50 PM

sorry to dump on you like this

your unit was pretty meaty

Name

see you at 8

yikes CSHWR1

just kiddin, don't worry

that was fun

i hope there are some photos you can work with

it was great catching up with you

take care

definitely fun and you were so relaxed

i hope the session brought you some luck at mohegan sun or at least made you not care about losing some cash

i'll let you know when i get the photos printed up -- probably sometime later this month

thanks again for indulging me

you sound as if you're enjoying life to the fullest

actually the mohegan sun trip up was the trip from hell

very long delays due to an accident, and nonstop chinese soap operas on the video screens with full volume

but the concert was fun and the trip back was ok

i didn't gamble

how was softball

it's weird thinking back on sunday

it feels slightly surreal that i jerked off while watching you bend over with your cheeks spread

hmmm

any chance you can forward me any of the pics

i'm thinking of starting up on gaydar again and your work is incredible

yeah, the project is pretty surreal

even after shooting seven guys, it's never predictable

i always go into it thinking these are the rules now and somehow that never stick

i think that's why i like the experience because it's new every time

i almost think of the photo shoot as the art whereas the photos are just documents of the event

my mind was pretty occupied when i went to softball, to say the least

if CSHWR33c and i ever go our separate ways i'm sure...ack a few of the more explicit images for the art project

when i get home tonight i send you a bunch of pics

yes the chemistry was definitely still there

but i think that's true of anyone in a relationship, you don't stop being attracted to other people

would be very cool to get some more pix of my dick

my office email system might block the pictures at first, you can also send to earthlink if you want

i'm working on the photos this weekend and should have a sampling over to you very soon

i'll forward to the e-mail you gave below

don't want to create any problems at work

hee, hee

naughty art

sorry to dump on you like this

looking forward to seeing you and alot of you on the walls

Name

you are a great guy, just keep some way of reaching me in your files in case you ever do want to talk

i appreciate it 5249

i've got your contact info, if it changes let me know

i hope you're doing well

i just got back from my trip to san fran

still exhausted from the redeye

i'm going to be out of town sunday and monday, so i guess this weekend won't work for the photo shoot

let's talk again soon though

i look forward to hearing about san fran

CSTRAP5c and i were on vacation this past week out in...amptons -- the poor-side of the hamptons -- riverhead

it was relaxing but it rained all week

i'm free for shooting this sunday morning and it looks as though it should be sunny

let me know if this works for you

nice to hear from you

this sunday looks good

i have to catch a bus at noon to a casino where patti loveless is performing in ctbut i'm free in the morning

let me know what time

how does 8 to 10 sound to you

ugh

that's way early for me

but i know the light is pretty amazing at that time and i'm heading out to jersey at 11 for a softball game

i think that would be alright

the weather still looks great for sunday

i'll be picking up the camera tonight and i'll make sure they give me the right equipment this time

i picked up the below text from a previous e-mail just to help you out

i'm looking forward to seeing you

call my home number if anything pops up

see you at 8 on sunday

great, i have my black thong all ready and laid out

lol

see you at 8

yikes CSHWR1

just kiddin, don't worry

that was fun

i hope there are some photos you can work with

it was great catching up with you

take care

definitely fun and you were so relaxed

i hope the session brought you some luck at mohegan sun or at least made you not care about losing some cash

Name

im worried about you

have you had news

call me anytime if you want ot talk

been thinking of you

just wanted to send a virtual hug

been thinking bout you too

kinda scared though

i am trying to keep my hopes in check

feel much better, going out tomorrow to big gay fundraser

woo haaa

excited and scared seem to be the sentiments of the weekend

i broke up with BM1292923 on friday and i'm with my friends through the end of today

i just needed some air before going back to nyc to sort out the details

i'm definitely in a mourning mood

heavy

wow can't believe this is happening

and it's been great to allow my hopes for us to grow

i'll try giving you a call on my cell phone on my train trip back to nyc tonight

one of those breathe-in, breathe-out kisses you do that i've never been able to replicate

things are surprisingly peaceful at home

it feels very right and the transition seems doable

it makes me a big believer in facing the hardest stuff head on

it's usually not as bad as all the thinking before hand

that's one of the reasons why i called right away after getting your e-mail this afternoon

we're so similar it's scary sometimes

because i know that impulse to retreat and that feeling of isolation

it's perfectly normal

but also see how you made the effort to reach out to me reach

this makes me so happy -- to share your ups and downs

and to feel that calm we both feel after talking and talking

it puts things into perspective

you sweet boy

im sorry you have to go through this pain

i hope it is all good growth for you

i have been crying, i dont know why exactly, after i read your email

my heart is there with you 457624_426, and anything you need, just ask

i care so much about you-----arghhhhh

this i s frustrating, if i could only just hold your hand right now

some fatherly advice, feel what you feel, listen to your heart and your brain

(and listen only a little to what your dick is saying, dicks dont do much but get us in trouble)

i hope it all went ok as far as this kind of change can

i dont want to say too much about how i feel or anything like that, you need time, need to sort out your feelings

get clear, that will take time

if we do start up something, it has to be honest, from the heart and the head

has to be true for both of us

neither one of us needs a relationship other than one that will grow, and last

my goal is my next relationship will be my only and my last

it will be for love and trust

sorry to dump on you like this

Name

a bond

takes time to get there, but nothing less will work for me

i am still kind-of shocked you have feelings for me, (shocked is not the word, but im tired and emotional)

it is just, i am, most of the time, convinced i am not worthy of being loved or wanted by a good man

i feel like asking you are you sure

are you nuts

how can a guy like you have feelings for a guy like me

i dont always feel this, but often i do

if it turns out that we do reconnect, i am hoping you will work with me so i feel secure

takes time i think, everything good does take time

i worry that opening up my thoughts to you, my fears, makes me look too weak to you

oh my goodness

i just want to collapse onto your chest

you really are an amazing man

kind

gentle

considerate

feeling

passionate

hairyhairyand hairy

okay my dick got in the way there

i love it that you're able to open up and show me your fragile side

it's a true gift and one of many reasons why i love you

i think we want to same things in life which makes me so hopeful

it's a difficult time but i'm trying my best to be strong

with time, friends and family i'm sure i'll be back to my chipper self

did you ever just wish someone would swoop in and make it all better

i had a dream once where this hand, i dont know whos...y eyes were open but i couldnt seen anything but black

and all the warmth and love and true emotion i could ev...feel was running from the tip of the fingers into my skin

i felt a bit of that holding your hand

as i was clicking the phone shut, i think i heard you say i love you -- woof

you made me wet my pants

i'd say the same back if i were able to say what i feel -- this is harder for me

beutiful that you have such an open heart

i am not asking you to be any different

but 154045_280233

and please understand this is coming from someone th...d getting it in return without strings, or in my case yarns

i love you

but we have to be careful

you are so freshly out of a relationship, and i am pretty...my heart, i am so afraid love will not be there or be true

at least i know that

we need know each other

i want to know you inside and out

and at some point i hope to look you in the eye and hold your hand and give you my heart

a ring and promise my love for rest of my time here

i dont want anything else

i dont want many lovers, many broken hearts

i want a life with someone that loves me even half as much as i love him

sorry to dump on you like this	
Name	
 you may be that man	
 im pretty sure you are	
 you know i have to temper this	
 i think about you so much	
 im not trying to steal your thunder or put a damper on mine	
 lets go as slow as 2 rutting bucks can	
 this has to be my last relationship and my best, my true love	
 i want to love you when you are wonderful and when you might not be	
 i want to feel like you are inside me even when you are across the room	
 i want to push you around in your wheelchair and not crave to push you down a flight of stairs in 50 years	
 i want to kiss you in paris, fuck you in amsterdam and s...r butt in bed arguing aboout what to have for breakfast	
 i want to hold you when you are ill, and trust that you will when i am	
 i'm sorry if this is a bit hallmark or prince charming, but i want this to be good and to work	
 and i think it will	
 we have so much to learn about each other	
 that i cant wait for	
 i know sexually we will work	
 i dont know how this is coming across	
 i mean it all good, even great	
 you make me feel light, like life can be wonderful	
 i know i keep saying it, but i admire you, am even awed by you	
 you have a dream you are going after	
 i grew up always trying to hard to fit in, blend in or dissapear	
 i developed a chameleon like way or being what anyone needed as a child	
 trying to please to the point i am not always sure who i am even now	
 i lost along the way knowing how to release my passion for something, i tend to get involved in something	
 like the monotypes i did back before 9-11, get o intense about it, live for it, then burn it out or pull away	
 i go back to what is safe or familiar	
 or easy	
 i want to impress people more than i want to impress myself	
 that was my struggle in art school	
 i was a star there, but a floater	
 id move from one medium to another to another, provin...ut never really allowing myself to bond with any artform	
 i wish i could go back and start over	
 i think i wrecked my ability to stick to a art	
 i like so many	
 i love to photograph, i love, hate to paint	
 i love clay, i love found objects	
 i love sexualy inspired art	
 i love your art, maybe not the ones with me as much, or maybe those more because what they were for you	
 i am jelous of your art and ability, and i knw that is horrible, but only because i wish i were you in a way	
 but that is not a bad thing, maybe because i also may g...to, you know that is not what i have had in relationships	
 i'll stop, im just feeling very close to you, or romantic ri...a way i guess these are modern versions of love letters	
 speaking of love, (full circle to the start of this message)	
 i love your eyes	
 i love your laugh	
 i love your skin	
 i want to talk about art, i want you to show me what you like in museums	

sorry to dump on you like this	
Name	
 i want to kiss you in front of a picasso	
 or under a calder	
 oh hell how about in front of some shitty work at a cheslsea gallery	
 have i gone too far	
 im pretty chatty at times	
 i read this last night and i just got harder and harder and then pulled up your pictures and finished the job	
 what's so wonderful about this is what type of affect you have on me even when it has nothing to do with lust	
 you're so amazing is so many ways	
 i love your ampersand love notes	
 they gush with your soul	
 i was remembering how it is to touch your chest	
 the hair parting between my fingers	
 moving down to your dick	
 your dick is so soft	
 the skin so pink	
 so delicate	
 touching it is like holding all of you	
 the burly BM3490.31373 and the soft, fragile BM3490.31373	
 i like that you share your mind, heart, and dick with me	
 you've changed and grown in so many ways since we last dated that i can't wait to know more	
 and this new apartment should be a great starting point, sans cat	
 attached is an early valentine from my chinese diner i had last night	
 had a good weekend, worked my ass off getting these packs ready to give out	
 went to the gym and did a great long workout, i think my body has hope	
 went to the eagle and got lots of woofs from guys, so feeliong pretty good	
 but, last night my mood got real sappy and romantic	
 was really hurting to have you in my arms	
 i took that small dyptic you made for me with my pic on...d yours on the other and jacked off looking at your face	
 slept real well	
 hope you felt me thinking about you	
 be my valentine	
 your body is extra special	
 wouldn't be fun to swap eyes for a day so you could see what i see and vise versa	
 it would be such a boost, ego-wise	
 but you have my pics, art for that	
 i like real sappy and romantic	
 your embrace is so nice and comforting	
 getting all worked-up at work	
 wish you were here for tomorrow	
 i'm your valentine for sure	
 it would be fun to just lounge around with the snow outside	
 laying naked	
 enjoying the warmth inside	
 maybe i can flex my rosebud into a heart	
 you are a fucking goofball	
 flex your rosebud into a heart	
 if that is the case, my tongue and cock are cupids arrow and i will pierce your heart	
 you love me dont you

	i just got back together with BM494816 and i've moving back in this friday
	i really love him and the time apart helped me to see ho...eality of it, both good and bad, is what i need and want
	i think being an artist makes me especially prone to dreaming and fantasy
	which is great
	but when it comes to life, nothing is exactly as i want
	and now i'm able to see that and accept it and still love all our imperfections
	i'm tempted, flattered, and yet content to pass on playing
	we'll still get together so i can give you your cd
	but i think i need some time before going into your den
	temptation island, per se
	sorry to hear that you and BM1473118 didn't work out
	i know that feeling of just wanting to play
	hey that's alright, really it is
	i really value your friendship, and respect your art and i totally respect your relationship with BM128026
	i hope this time you both work it out so that you're both really happy
	sounds like you're on your way
	i'd love to get together and catch up
	take it easy
	i got your letter
	you havn't called me in 7 days either
	i got a job in nyc, i was going to come up end of this w...ou, fuck, i am so glad you did this before i arrived in nyc
	so, you were seeing BM1874081 since you left him, an...rue love of your life, the one you want to be with forever
	your feelings for me were bullshit then
	you fuckhead
	i just got a job offer in nyc for july, so i will be moving there end of june
	i am so glad this happened before i moved there, thinki...for me, thinking you loved me, none of it was real was it
	you have done this to me 2 times before, (in imensly smaller ways), but this
	you have no idea what you have done
	your cold letter, your lies, it must have all been a lie
	you couldnt wait til we could be together to even see if...out here, needed to find a job before i could move back
	fuck, now i have the job there in nyc and i do not want to move back, i dont want to be near you
	you know this ends any possible friendship, love, anything we could have ever had, what we could have grown
	this ends anything i ever could feel for you, you fucking shithead
	all the things you said about me, all you felt for me is g...ings you said abut BM1811774 now don't matter to you
	you are one messed up guy
	we couin't have been together if this is the type of man you are
	you have settled for someone you do not truely love
	i should send BM1807603 the emails you sent me with all the negative shit you said about him
	you sent me a fucking cold letter, you didnt even have the guts to talk to me, or warn me you were doubting us
	you are a child
	you had no faith, you had no hope
	you used me, used my heart, my feelings, you will neve..., or passion, depth of heart, if you can treat me like this
	you blew it, and more important than that, you broke my heart, just when i was getitng strong after BM1806506
	you had no right, you have no compassion
	you are the most selfish man i have ever met
	you now have what you want
	or do you
	you better tell BM691190 the truth this time, all of it, because i will tell him, all of it

sorry to dump on you like this

	you also no longer have the right to use any of the art y...t to take this away from you, and i am right to do it now
	you cant fuck with peoples feelings like this BM1897156
	i will contact the gallery and if there are any images of...are they face lawsuit if they are not removed immediatly
	send me a written letter confirming that you will not us...any reason by mail or you will get letters form my lawyer
	you do not deserve to use my image, one that you love...ter, images of me that made you realize yoru love for me
	those images are flat, they are not me, they do not have feelings, heart, love
	you manipulated them, you manipulated me
	play your games
	you hurt IMG_222427_1151872 to be with me, you hurt me to be with IMG_222427_1151872
	you are a mess
	you held my hand, you let me open up to you, you confessed your 5 years of love for me
	you had me at my most vulnerable
	but none of that matters to you, or means anything
	you are too smart, too loving, too sensitive, too creative to do this to me
	what is wrong with you
	what are you
	remove all pics of me from your website too
	i do not want to risk the chance you will fall in love with a image and treat me like one you can throw away
	i do not want you to gain anything from those images,
	i do not want to see then on desplay, they represent sometning very ugly now
	i will send you back the portrait of me and you you did for me,
	i want ot erase you
	i have no way to reach out to you except this horrible cold medium now
	did you know this week i was desperatly trying to find a...ot live until i leave here, i have til the end of the month
	did you know you crushed my heart this week, you never loved me
	your words ment nothing
	you have proved how awful, how pitiful gay men are
	you had every freedom the past weeks to fuck anyone...ant, to fill your needs, that was ok, we talked about that
	but going back to IMG_673854_3630547
	i pity him

sorry to dump on you like this

Name
i found someone to take the room mid-april
is that ok from your end
this is the simple version, im not angry now, i realize this is for the best
you do not break up with someone you have told you love with a letter
you should have talked to me first before dropping a bomb like that
you should, by now, know your heart well enough not t...3363_181828, though i have no sympathy for him now
DADDYHUNT_071210_658891, i was so worried about...s feelings if you remember when you broke up with him
i dont now, he shoudin not have blocked me from talking to you,
he is not your father
you are a man
you should have taken my call
you lost something huge, something you will never know with me
your relationship with FIELDOFDREAMS08 will not last,...all this again the trust is gone no matterh what you think
i am serious that i want you to remove my pics form your showable and internet
those pics represent something you had, something we had, and now have become somethin awful
i do not want them seen
i will do everything in my power to make sure they are not shown
you made them into some huge fetish for yourself
you treated me like one of your images, something you...te and something you can get rid of when you are done
your timing in all this is pretty perfect, i was coming to nyc,
i find out monday if i have the jog in nyc and i am sure i do, they were really please with me in the interviews
i had planned to live near you so we could see each other
what a disaster that would have been if you did all this after i moved
this was again, a wake up call for me about what gay men are, you only thought of yourself in all that you did
you have to live with that, and what it caused fo rme, and for G050907
it will come back to haunt you in many ways
karma aside, no one ever forgives or forgets somethign this big
i wonder but doubt i will ever know the answer as to why you changed your mind and heart so quicky
but good to know now, i'd hate it even more to be in HA...en you left him, and when you break up down the road
you ran to something safe for you, a relationship you were not happy in
sex that was not good, not a shared relationship, not what you wanted,
i am suprizd, you seemed to be stronger than that, arti..., the ultimate, not somethign that is bland or a struggle
all the therapy you both did and the relationship still broke up
in your head, you must think this was osmethign small f...n the way you ended it with me, it was small to you too
i will never understand how anyone can use the work love, say the things you did, then shut it off so coldly
you are not in touch with your feelings or with others, this all was cold, heartless
i mnot goin gto wish you luck, nor will i be suprizd when you break up with IMG_226727_1321518
neither should he, you both chose this obviously, you changed your life forgetting i was the third party
i know what you are, you are blind to what you are and so is MOD5, he wants his comfort back too
if i had come to nyc next week, we woudl have had sex...so glad this happened before that coul d have happened
i am so proud i went with my brain and not my hear and dick with you,
i knew you would could go back to PICTURE11 after a breakup
i know how it is when men break up
this is the one thing i gianed form this, yes my heart is broken,
yes im mad, angry, but i did follow my gut with you an...h you never gave any indication that you woudl go back
you were very convincing of your love for me
too bad you couldnt see what you were doing
i know how you are, you will block my emails, you will never call to clean up the mess you have made

sorry to dump on you like this

Name
you did this before, you hid behind PICTURE26-1 when you reached out in the past
im glad PICTURE26 can be your parent and conscious
my anger, and my calls give you, in your head, the ratio...that im an angry person, that youmade the right choice
you will never take responsibility for your part in my anger, dissapoinment, or heartbreak
sit back someday and really look at what you did here
i know you know, you are smart sensitive, you know wh...her what a shit you have been to me and to PICTURE36
i expect all pics o fme to be off your website by end of the week
and i will attend every show you have in the future
yes im angry, and there is an element of vindictiveness
but more for me, you took a part of me, you broke a tru...had no right to involve me in in your messy romantic life
it does make me happy that i can take a part of me back from you
taking away the work you did using my image as a fetish makes me very happy
your work is such a symbol of how you treat men
you capture their emotions, snips of time, flat, 1 dementional,
the viewer never sees what that person is beyond what you, in your manipulation decides to let them see
and i dont think you see what they are beond the flat image either
be warned, TOM
if you become famous, i intend to tell everyone that i slept with you
ahhhhi think everyone already knows because of the title of your piece
fame is a heavy burden
let's get together soon for another fun afternoon of photos and
i was in puerto rico
it was a great trip
were you in puerto rico for fun or work
i'm jealous
i need a warm vacation badly
i hope things are good with you
things are great and things have changed dramatically since we last talked and
i think that show up at exit was like a pandora's box for me
i'm back with BM1959130 and it was really good for me and us to be separate for a little time
i was able to do some hard thinking and eventually i see how much i love him and missed him
so, i'm back in manhattan and things are looking up for the two of us
it was a vacation trip
i had a great time
congratulations on your relationship
i wish you much happiness
you deserve it
i would like to get together to hear the story and hear more about the pandora's box
have you discontinued the art project
what are your next steps
i guess, given i havnt had word from you, you must be back with USNYH001005
i had hoped it woundlt work and you would choose to be with me instead
i am sure BEARD1015 will get over all he knows about you and me, and will be a goos guy for you
i tried my best to get you back with me and i dotn feel...love with you, and that was what you wanted at one time
im moving to nyc in 3 weeks, dont worry, i will not contact you, though i will go to your shows
i will send you my phone and address once i am there, in case you do want to reach me
i am all packed up for the most part, i have to travel on business some, so will be back and forth
i have done a few one day trips to nyc past 2 weeks, i f...cky, and found a roommate as it is way too much for me

sorry to dump on you like this

Name

 in a way i had hoped you'd come back to me and we could move there, but you didnt, so i will move on

 i really hope you chose BEARD1009 because you love him with all your heart an soul

 that is how i felt about you, so i hope you have that with him

 i stil think you chose him out of fear or because you were scared, or wanted a safe life

 if you ever change your mind, you know where and ho...m not with anyone, there is a chance we can be together

 a fuck buddy of mine went to the show you had, sawy the pics, saw you

 he wanted to talk to you, but thought you looked pissy, it was the last day of the show

 he has a major mustache, looks kinda grungy, but a nice guy, i have known him for 8 years

 he liked the big pic, and said he saw the video a few times

 he also knows the guy you photo

 i tried my best, and i felt more for you than i have for anyone in a long time

 i am glad i still can

 here's some more pics

 some are funny (the cell phone one) other strange and #5 is very cute and very symmetrical

 hope this helps with your bmb profile

 yeah, DADDYHUNT_068413_739647 and i are back together and it's been quite good

 i just had cold feet because this is my first long-term relationship

 all in good now

 maybe i can entice you to come back for another session with a twist

 i've been wanting to do a session where you would sit i...st is that i leave the apartment completely for two hours

 so it's just you and the camera

 care to go beyond underwear for this

 you still get veto rights on all pics and those that get vetoed are permanantly trashed

 are trying out tonight

 i'm not even trying

 i'm forever stuck in division 4 for better or worse

 yikes CSTEAM1

 burn these immediately, i look so fat

 did you send others at some point

 hopefully i look thinner

 i'm not playing vball this season

 my groin is still bothering me and to the extent i can play anything, i'm gonna try something else

 plus my knee is acting up so i think vball would just be too much stress on everything

 i'd like to coach on weds though so spread the word that i'm available for that

 glad to hear that things are working out well with you and name CSTEAM6C

 ohhh

 i love that curve from your hairy mid line to the nether regions

 it's very sexy and it reminds me of when i originally asked you to model a few years back

 you do that thing pushing your underwear down

 and it was exactly that in a very sweaty gym that's burned into my head

 do you want me to look for more of a slimming nature

 lol, well, if there are pics where i look thinner that would be great

 it must be from shooting so close that i look so round

 i'm hoping to play football and softball

 we'll see how much i can handle

 im moving, my school asked me to be an artist in residence through summer,

 huge honor, only have a few each year, and espgood for me as i felt i lost my ability to be a fine artist

 i will be teaching too it looks like

sorry to dump on you like this

Name

 still hate your guts for what you did, but odd

 i think about you often, kinda sucks, but i do understand why you would chose him

 your work on your site is cool, you are moving beyond...e gay men photos, i think it is better than you older work

 i like the censorship piece and the men who fucked me piece

 how bout a piece on the men you fucked

 sorry, thats the anger talking

 i do wish you well, just think it is so odd you pulled me in you life at my lowest point

 i guess it was payback for me dumping you the first time

 such a retarded past few years

 i am sorry i went so berzerk

 i live and thrive in ca

 i found my center, found a place i really belong

 and found love in a french bearded uncut canadian, my very own bearded beutiful boy

 a real gift

 i owe you a lot

 because of what happened i didnt move to nyc

 so i thank you

 i love it here, it is healthy, it feels free, and amazingly grounded

 my beard is the longest it has ever been

 i never wear a shirt unless required

 i have an outside shower and an old ball-claw bathtub hooked up outside under a persimmon tree

 i go to the beach every week

 i really found the life i needed

 i hope you are as happy, honestly

 i wanted to wish you a merry christmas and happy new year

 0609_215546 my thoughts are with you

 hey 0610_100230 man

 i only went on because an old stage manager of mine requested me

 me getting sucked in is a rare occurrence

 and i saw your 0707_094228

 would could ever resist that

 please send your email address 0715_095856

 what's up 0715_100350

 how i can weave you into my art without putting you in a compromising situation

 i've been thinking of you

 even though i would love to do that

 i even thought of a way to use your acting skills

 not much has changed here

 still working at my day job, going on 13 years

 art here and there

 though i'd love to do it more, the mortgage just isn't letting me

 0717_205759 and myself are grand

 nesting in brooklyn

 we should do lunch some time and catch up

 well, i can never say facebook never did anything for me

 i now have your email address in my directory

 i still have the one from that company you're still working for

 anyway, i'm leaving tomorrow to meet 0727_184010, a...im to the islands for his 40th birthday, which is sept 21

Christopher Clary
Sorry to dump on you like this.zip

It's tempting to call sorry to dump on you like this.zip a pornographic work, since an actual porn collection is embedded within it—the artist's own archive of men accumulated in fifteen years of web browsing. But these JPGs serve only as a substrate: thin scaffolding for an epic textual work that hangs loosely from the files. The numerous written narratives describe intimate exchanges between boyfriends and lovers, alternating between dramatic betrayals, breakups, and banalities. Laced through the work are heart-breaking utterances, illustrated by found images of men that have already been downloaded, stored, and used. In making them available for us to "re-use," Clary discards them—the title of the work an apology, even, for offloading his memory onto ours.
